New global temperature analyses
Heavy snow for Scotland
A stormy end to February
Coldest UK winter for over 30 years
Changes to Met Office forecasts
Climate change and human influence
Icelandic volcano eruption
March to end on a wintry note
Heavy rain, snow and gales
Mobile Weather with the Met Office
Mixed weather for Easter
Severe weather, 30-31 March 2010
Agreement to share climate expertise
New observations of volcanic dust
Temperature rising for the London Marathon
Warm weather for the London Marathon
Iceland volcano update
Iceland volcano update
Iceland volcano update
Global temperature records - a way forward
Met Office named as most cycle-friendly employer in Exeter
Iceland volcano update
Iceland volcano update
Met Office supports airlines to meet new rules
Early taste of summer
Iceland volcano eruption
Summery weather on the way
Ocean storing significant warming
Iceland volcano eruption
Iceland volcano 'pauses'
Active hurricane season expected
Number of droughts likely to increase under climate change
Dry UK but wet for parts of Europe
Active tropical storm season forecast
